PRAJWAL Y MAREDUKONDA

PROGRAM LAUNCH • PRODUCT DEVELOPMENT • EDUCATION & TECHNOLOGY

Hyderabad, India | work@prajwalyashasvi.in | +91 91823 98852 | prajwalyashasvi.in | GitHub: github.com/PY563

PROFESSIONAL PROFILE

Entrepreneurial software engineer and educator with experience building digital products, delivering client solutions, coordinating educational initiatives, and translating requirements into working software. Co-founded Yayin AI Lab, developed applications for enterprise clients, and taught technology subjects while coordinating structured learning programs. Brings a practical build-and-iterate mindset, cross-functional technical range, and experience working across education, startups, and enterprise environments. Interested in launching useful programs, learning from users, and establishing clear processes that support continuous improvement and handover.

CORE STRENGTHS

Program & product execution	Early-stage product & iterative development, requirements-to-delivery, stakeholder coordination
Education & learning	Higher-education teaching, educational program coordination, learner-focused technology initiatives
Operations & delivery	Documentation, workflow automation, CI/CD, deployment, process improvement
Technical fluency	Java • Python • SQL • JavaScript • React • Next.js • Spring Boot • FastAPI • PostgreSQL • MySQL • MongoDB • Docker • Google Cloud • CI/CD • Git • Microsoft 365 • WordPress • Jupyter • Postman

PROFESSIONAL EXPERIENCE

G30DISHA ANALYTICS | Nov 2025 – Jul 2026
Full Stack Developer — *Hyderabad, India | AskDIYA.ai*

- Built across frontend and backend layers, designed database schemas, and supported end-to-end application delivery.
- Created automated CI/CD pipelines and deployed the application on Google Cloud Run.
- Worked across product requirements, implementation, and deployment in a fast-moving product environment.

BLUE OCEAN STRATEGIC PARTNERS | Aug 2024 – Nov 2025
Python Developer — *Remote | Freelance*

- Developed Python RPA bots to automate financial reporting and school-fee invoicing workflows for Cedar Hill Prep School.
- Built and enhanced automation scripts for hospitality operations and integrated workflows with Oracle Financials for Highgate.
- Translated operational needs into practical automation, helping reduce repetitive manual work.

VARDHAMAN COLLEGE OF ENGINEERING | Nov 2020 – Mar 2025
Assistant Professor, Department of Computer Science & Engineering / Web Developer — *Hyderabad, India*

- Taught Internet of Things (IoT), Cloud Computing, and Cybersecurity in a higher-education environment.
- Coordinated the Google Cloud Career Advancement program and the AICTE LITE Pupilfirst Web Development Minor Program.
- Developed and maintained organizational websites and managed Microsoft 365 services.

YAYIN AI LAB | May 2020 – Aug 2026
Co-Founder & Full Stack Web Developer — *Hyderabad, India*

- Co-founded a technology venture delivering software and web solutions for clients.
- Led development work on the Swadyamitra project and a Gate Pass Management System for Indian Oil Corporation (IOCL).
- Delivered client portfolio websites and explored product-oriented projects, including an e-commerce store and mechanical keyboard design.

DATASERV INC. (Client: Data Song) | Jan 2018 – May 2018
Java Developer — *Nashua, New Hampshire, USA*

- Resolved defects in a Spring Boot application and developed microservices supporting authentication and payment processing.

KONINKLIJKE PHILIPS N.V. — Philips Healthcare | Apr 2016 – Aug 2017
Cybersecurity Research Engineer — *Andover, Massachusetts, USA*

- Developed Microsoft Outlook add-ons that analyzed email headers and content to identify potential phishing messages.
- Built a Lucene-based application to analyze and visualize threat data.

SYMBIOSYS SOLUTIONS INC. | May 2015 – Feb 2016
Software Engineer — *New Hampshire, USA*

- Improved New Hampshire Employment Security platform workflows by resolving defects and enhancing claimant and employer experiences.
- Worked on Section 508 accessibility improvements and application efficiency.

TECH MAHINDRA | Jun 2012 – Aug 2013
Associate Software Engineer — *Hyderabad & Bengaluru, India*

- Developed ticket creation and status-check modules for a Test Data Management project and built proof-of-concept applications for allocation and booking workflows.

EDUCATION

M.Tech, Software Technologies (WILP) — BITS Pilani, Hyderabad | Aug 2026 – Present
M.S., Computer Science — University of Massachusetts Lowell, USA | Sep 2013 – May 2015 | GPA: 3.18/4.0
B.Tech, Computer Science & Engineering — Jawaharlal Nehru Technological University, Hyderabad | Aug 2007 – Apr 2011
